Please check the camp(s) you are registering for:

_____ **Newark Cloverbud Day Camp (Ages 5-8 years old), June 15 - 19, 2009. Cost is \$190.00. UD Townsend Hall. 8:30 am – 4:30 pm. Before and After Care available for an additional \$25.** Campers will enjoy rotating through 4-H programming mini classes. Each day the campers will experience a new subject! Concentrations including: Crafts, Woodworking, Animal Science, Aerospace and Rocketry, Food and Health Science, Environmental Science and Electricity. Campers will have wonderful hands-on experiences in a fun-filled and safe environment. Outdoor water activities and special presentations will round out our day.

_____ **Newark 4-H Day Camp (ages 8-13), June 22– June 26, 2009. Cost is \$190.00. UD Townsend Hall. 8:30 am – 4:30 pm. Before and After Care available for an additional \$25.** Campers will enjoy our traditional 4-H camp. Back by popular demand, campers will take 2 classes that they choose which will be followed by pool time, water activities and game play. Campers will choose their classes during the registration process to allow sufficient time for ordering supplies. Space is limited so be sure to get your applications in early.

_____ **4-H Fooling with Foods and Fitness Camp** July 6 – July 10, 2009. Cost is \$190.00. (Ages 8 to 12 years old). UD Townsend Hall, 8:30 am – 4:30 pm. Before and After Care available for an additional \$25. Come test your culinary skills and learn how to be healthy inside and out. This camp will offer hands-on cooking and fitness activities while exploring the world around us. Organic foods, special diets, the latest health programs and lots of get up and move activities will keep campers engaged all week long.

_____ **4-H Camp Critical Zone** July 13 – July 17, 2009. Cost is \$190.00. (Ages 8-11 years old). UD Townsend Hall. 8:30 am – 4:30 pm. Before and After Care available for an additional \$25. Campers age 8 to 12 years old. The “critical zone” is where we live; it sustains life on the planet. It extends from the tops of the trees to the water table. It includes the air we breathe, the soil we grow food in, the lakes and streams that provide our water. It's what keeps us going. Join hands-on science activities exploring the “Zone” led by UD students while having fun and making new friends. Program support provided by UD's Center for Critical Zone Research and Institute for Soil and Environmental quality.
