New Castle County Better Kid Care Educational Programs for Child Care Providers

Fall 2009

Directions

For more information contact: Sandy Peralta, New Castle County Extension at 302-831-1239. Directions to NCC Extension Office: From I-95: Take Route 896 North Exit, Go 3 lights and turn right onto Route 4 (East Chestnut Hill Road). Go 2 lights and turn left onto Route 72. Once you cross over the railroad bridge, take a left onto Wyoming Road, then an almost immediate left into a parking lot next to the UD Early Learning Center. The NCC Extension Office is located at the rear of the complex, back by the railroad tracks.

EARLY CHILD CARE WORKSHOPS

Each of the Early Child Care workshops provides one (1) credit hour in Child Development and one (1) credit hour in Developmental Curriculum Planning.

Sparking Kids' Curiosity

Cost \$12

September 29 – 6:30 pm—8:30 pm

Children are born curious and if a child stays curious, he will continue to explore and discover. This program will explore how to help kids to grow curiosity and provide curriculum ideas and clever materials to spark children's creative thinking and learning.

I Want, I Want, I Want – Consumer Education for Toddlers and Beyond

Cost: \$ 12

October 15 – 6:30 pm – 8:30 pm

Advertising captures children attention no matter what the age. The program will take a close look at what advertising doesn't want you to know about how consumers are developed. We'll explore strategies to use to help children be less impacted by marketing. *(Last offered: Fall 2008).*

Art Appreciation 101 for Young Children

Cost: \$12

December 1 - 6:30 pm- 8:30 pm

Believe it or not, even infants can begin to appreciate art. Learn how to introduce and talk with children of all ages about art made by them and others. Try creative ways to react to art.

HEALTH, NUTRITION & SAFETY WORKSHOPS

Each of the Health, Nutrition & Safety workshops provides the indicated credit hours in Health, Nutrition & Safety.

Dine Safe (3 hours)

Cost: \$25

September 23, 9:30 am—12:30 pm - SPANISH ONLY

October 22, 1 pm—4 pm - ENGLISH ONLY

Participants will increase their knowledge of safe food handling practices in the kitchen and classroom.

Preparing for Emergencies and Developing Your Plan (2 hours)

October 29, 2009—10:00 am to 12:00 pm Cost: \$12

Do you know what you would do in an emergency? Do you have a plan in place that your parents and personnel are aware of? Come learn how to anticipate and be prepared for emergencies such as a power outage, inappropriate visitors, fire, etc. We will review what you can do to reduce the risk of emergencies in your setting. *(Last offered January 2008).*

ServSafe (8 hours)

Cost: \$145

November 11, 9 am – 5pm

Call 831-1239 for information and registration. Become nationally certified in food safety to meet public health requirements while earning child care credits too. Designed for food service personnel this course culminates in the certification exam.

SCHOOL-AGE WORKSHOPS

Each of the Afterschool workshops provides one (1) credit hour in Child Development and one (1) credit hour in Developmental Curriculum Planning.

4-H 101

Cost: \$12

September 22 – 6:30 pm -8:30 pm

Starting a 4-H club in your afterschool program is a great way to get children involved in positive programs while increasing skills in science, engineering and technology, healthy living, and much more. This workshop will focus on what 4-H is, how to start a club within your program, and how to access curriculum and resources. Come join us for this hands-on workshop!

Afterschool – Positive Youth Development

Cost: \$12

October 21 – 6:30 pm – 8:30 pm

Children build life skills and develop positive assets while engaged in activities tailored to meet their developmental needs along the continuum of ages and stages. Participants will review the physical, emotional, social, and intellectual stages of youth development and plan strategies to address each developmental domain.

Afterschool – Program Management

Cost: \$12

November 16 - 6:30pm – 8:30pm

Participants will move through a carousel of 10 self-directed mini-centers to learn best practices in classroom management. Learn new methods of presenting activities through the use of stations, grouping of children, and interactive strategies to implement in your program. *(Last offered: Spring 2009).*

Afterschool – Creating a Science Rich Environment Cost: \$12

December 7 - 6:30 pm– 8:30pm

Afterschool staff play an important role in helping children learn about science, engineering, and technology, and discovering that science is everywhere. Learn how to support children's curiosity about the world by creating science rich environments in your afterschool program.

BUSINESS/ADMINISTRATION WORKSHOPS

Each Money Management class provides 2 credit hours in Business/Administration.

Money Management Series For Family Child Care Setting
