

Guidelines for the MG Circulating Library

1. Any Master Gardener who wishes to participate in the MG Circulating Library will send his/her list of gardening books to Sandy (speralta@udel.edu). She will add the list to the 'MG Circulating Library' section on the MG web site. Send your lists as a Word document and she'll create a PDF file (so it cannot be changed on the web. If you change anything on your list, you'll have to send the change to Sandy. Please don't make a lot of changes though!
2. Anyone wishing to borrow a book will contact the "lender" (the person who owns the book) directly and arrange for picking up and returning the loaned book.
3. Normally, the "lending period" will be two months, unless an arrangement is made between the "lender" and the "lender" (the person borrowing the book) about a shorter or longer lending period.
4. A borrowed book will be absolutely returned on the agreed upon return date, unless another arrangement has been made between "lender" and "lender."
5. Of course, a "lender" cannot turn around and lend the book s/he has borrowed!
6. Lenders should either write their names in their books, or put their favorite garden bookplate in their books, for identification purposes.
