THE HORTICULTURE CENTER AND CENTENNIAL ARBORETUM

are living reminders of the **1876 CENTENNIAL EXHIBITION**, held in Fairmount Park. The site was established over a century ago to

showcase the nation's finest horticultural specimens. Visitors can still see some of these historic **PLANTS** as well as many magnificent additions. Come learn about the **HISTORY** of Horticultural Hall and view tropical and succulent plants in the Horticulture Center's glasshouse. The historic setting of the 27 acre **CENTENNIAL ARBORETUM** creates the perfect backdrop for a picnic lunch or a family gathering.
