First-Semester Schedule for
Agricultural Education majors

You may find that you are already registered in several of these courses. That was done to ensure you got a seat in courses needed for the major. Do not drop any course in which you are already registered, unless you speak to an advisor first.

- FREC 167  First Year Experience (1 cr.)
- AGED 180  Introduction to Agricultural Education (3 cr.)
- MATH 010, 115 or 221  (3 cr.)*
- Choice of two from the following, for 6-7 credits:
  - CHEM 101 or 103 General Chemistry (4 cr.)^  
  - Social Sciences and Humanities course (3 cr.) – See list below.
  - Agricultural and Biological Sciences course (3 cr.)—See list below.

*Math course depends on placement. If you placed in Level I, II, or III on the Math Placement Test, you are strongly encouraged to take MATH 010 in the Fall term. Although this is a non-credit course, it is the proper preparation to ensure you are ready to continue in your math sequence. Although it does not count toward graduation, the credits (3) are counted toward your full-time load in the semester. If you choose to enter a higher level of MATH, you do so at your own risk.

^If you enroll in MATH 010, you should take CHEM 101 rather than 103.

For assistance with course selection and advisement, please contact:

Dr. Pat Barber       pbarber@udel.edu   (302) 275-2852
Dr. Steve Hastings  hastings@udel.edu  (302) 831-1318
Ms. Karen Aniunas    kra@udel.edu      (302) 831-2508
