

## First-Semester Schedule for Agriculture and Natural Resources

You may find that you are already registered in several of these courses. That was done to ensure you got a seat in courses needed for the major. Do not drop any course in which you are already registered, unless you speak to an advisor first.

- XXX First Year Experience (1 cr.) This course will be selected for you based on your area of interest within the College. Your choices are ANFS 165; ENWC 165; PLSC 171; or FREC 167. Please email [kra@udel.edu](mailto:kra@udel.edu) for assistance in selecting this course.
- FREC 135 Intro to Data Analysis (3 cr.)
- MATH 010, 115 or 221 (3 cr.)\*
- Choice of Social Sciences and Humanities course (3 cr.) – See list below.
- Choice of Agricultural and Biological Sciences course (3 cr.)—See list below.

\*Math course depends on placement. If you placed in Level I, II, or III on the Math Placement Test, you are strongly encouraged to take MATH 010 in the Fall term. Although this is a non-credit course, it is the proper preparation to ensure you are ready to continue in your math sequence. Although it does not count toward graduation, the credits (3) are counted toward your full-time load in the semester. If you choose to enter a higher level of MATH, you do so at your own risk.

### **For assistance with course selection and advisement, please contact:**

Ms. Karen Aniunas [kra@udel.edu](mailto:kra@udel.edu) (302) 831-2508  
Ms. Latoya Griffith [latoya@udel.edu](mailto:latoya@udel.edu) (302) 831-2508
