

First-Semester Schedule for Statistics majors

You may find that you are already registered in several of these courses. This was done to ensure you got a seat in courses needed for the major. Do not drop any course in which you are already registered, unless you speak to an advisor first.

- FREC 167 First Year Experience (1 cr.)
- STAT 200 Basic Statistical Practice (3 cr.)^
- MATH 241 or 242 Calculus (3 cr.)*
- MATH 210 Discrete Mathematics (only if also enrolled in MATH
241 or 242)
- Social Sciences and Humanities or Agricultural and Biological Sciences course (3 cr.)—
See list below.

*Math course depends on placement. If you placed in Level I, II, or III on the Math Placement Test, you are strongly encouraged to take MATH 010 in the Fall term. Although this is a non-credit course, it is the proper preparation to ensure you are ready to continue in your math sequence. Although it does not count toward graduation, the credits (3) are counted toward your full-time load in the semester. If you choose to enter a higher level of MATH, you do so at your own risk.

^If you earn AP credit for STAT 200, replace this course with a Social Science & Humanities course from the list below.

For assistance with course selection and advisement, please contact:

Dr. Steve Hastings	hastings@udel.edu	(302) 831-1318
Dr. Tom Ilvento	ilvento@udel.edu	(302) 831-6773
Ms. Karen Aniunas	kra@udel.edu	(302) 831-2508
