Please answer each question completely; you may use the back or attach a separate page if necessary.

1. What fascinates you about science? What makes you curious? Describe your interest in whatever scientific field you most enjoy.

2. Of issues related to foods, what interests you the most and why?

3. If you could design and develop your own food product, what would it be and why? What challenges do you think you would face in developing and producing your product?

4. Describe your future plans and aspirations.

5. Why are you a good candidate for the Student Exploration Program?
