Food safety in a food service establishment is non-negotiable. Each year, an estimated 6 to 12 million Americans contract food-borne illness as a result of contamination by micro-organisms. These illnesses are preventable. Proper training is the key to preparing food in a safe environment.

The ServSafe® program is the premiere food safety certification offered by the **National Restaurant Association Educational Foundation (NRAEF)**. The program is designed for the food-service professional.

A ServSafe® certificate from the **NRAEF** will be awarded to individuals who complete the course and receive a passing grade on the exam. Instructors are registered ServSafe® instructors with the **National Restaurant Association Educational Foundation**. The cost for the course covers the training, textbook, lunch and certification examination from the **NRAEF**.

ServSafe® is a registered trademark of the National Restaurant Association Educational Foundation.

**Location: University of Delaware, 16483 County Seat Highway, Georgetown**
