**FOR IMMEDIATE RELEASE**

**Sussex County Master Gardeners Announce Hosta and Heuchera Workshop To Be Held July 14, 2009 at 1:00 p.m.**

The Sussex County Master Gardeners, of Delaware Cooperative Extension for both Delaware State University and University of Delaware, are pleased to announce they are holding their first summer workshop on July 14 at 1:00 p.m. at the Sussex County Extension Office.

We invite you to join Sussex County Master Gardener Vicki Thompson to discover the beauty of hostas— wonderful for landscaping, container gardening or collecting. See varieties from tiny to gigantic, learn how to successfully grow these popular plants and to avoid or correct problems. Heuchera (coral bells) are a great companion plant for hostas. The many new heuchera varieties are one of today's most popular and colorful additions to any garden.

Cost is Free. To Register: 302-856-2585 ext. 540 or [wootten@udel.edu](mailto:wootten@udel.edu) Directions to the Sussex County Extension Office: <http://www.rec.udel.edu/CarvelDirections.htm>
