

## Visiting the College of Agriculture and Natural Resources

We welcome prospective students and their families to visit our College while we are in session, from September through May.

### Individual Visits

Meet with a faculty member in your area of interest and have a personal tour of the College of Agriculture and Natural Resources with our student Ag Ambassadors. A full campus tour (offered by the Office of Admissions) can be included in your day. *(This option is for students and their families and is offered on weekdays by appointment.)*

### Spend a Day

Shadow a current student and sit in on classes, eat in the dining hall, and see campus with a personal tour guide. *(This option is for students only and is available on weekdays by appointment.)*

To arrange an Individual Visit or a Spend a Day program, please allow at least 5 days' notice and Email [cbrower@udel.edu](mailto:cbrower@udel.edu) or call 302/831-2508.

Throughout the year, the College of Agriculture and Natural Resources participates in seasonal open houses sponsored by the Office of Admissions. To learn more, please visit <http://admissions.udel.edu/visit/seasonal>.
