Health Assistant

Health Assistants (HAs) work with the site nurse and site director on site health care issues. They participate in the day-to-day operation of the site infirmary, keep track of students' medications and medical appointments, and generally help to ensure that the class runs smoothly.

Residential Program Assistant

Residential Program Assistants (RPAs) are responsible for providing general assistance at their sites both in the office and with the residential program. Specific tasks and responsibilities can and do change according to each day’s demands.

Resident Assistant

Resident assistants (RAs) are responsible for the health and safety of the students in their charge at all times other than when the students are in class. RAs are also responsible for planning and conducting student activities, helping with administrative tasks such as typing and photocopied notes, attending to the needs of the students, and helping with the paperwork of a class.

Teaching Assistant

The primary responsibilities of teaching assistants (TAs) are tutoring students, assisting with the class paperwork, teaching the class as requested by the instructor, and generally helping to ensure that the class runs smoothly.

Program Assistants (Day Site Only)

The primary responsibilities of program assistants (PAs) are tutoring students, assisting with the class paperwork, teaching the class as requested by the instructor, and generally helping to ensure that the class runs smoothly.
